# Steps to View 2023-24 Course Requests

Rising 9th Grade ONLY

## All change requests must be made before
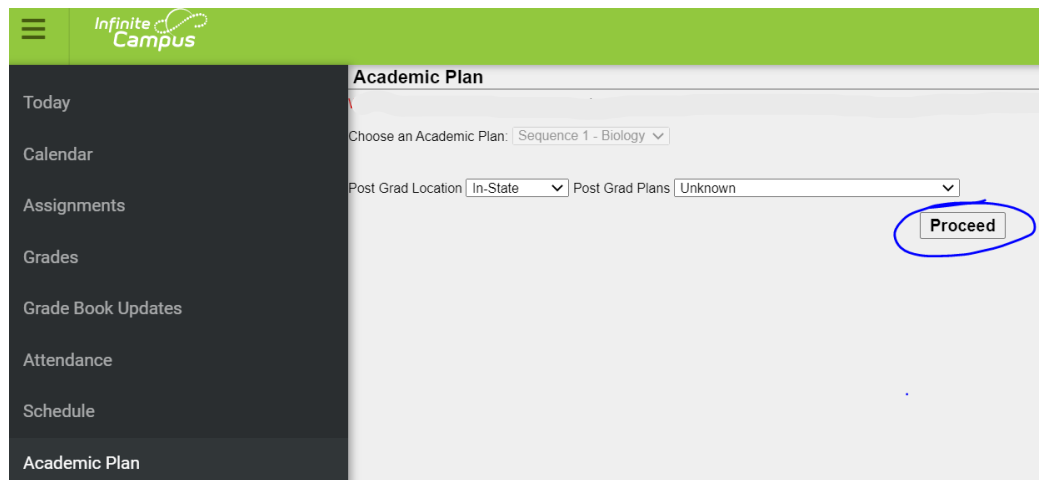

<mark>3:30 PM on Monday, April 10th, 2023.</mark>

1) Login to Classlink or the Infinite Campus Parent Portal.
2) Click on Infinite Campus – Student

3) Scroll down all the way on the left side menu and click on "Academic Plan."

4) Then click on "Proceed." You can leave the "Post Grad Location" and "Post Grad Plans" blank.

5) Look in your upcoming grade level column. There, you will see your courses for A Semester (1st Semester) and B (2nd Semester) for next school year (2023-24).

- **For Rising 9th graders, review your core Academic Classes: Language Arts, Math, Science and Social Studies, 4 classes (8 classes for A and B semesters together).**
- **Recommendations for Academic/Core classes are based on data collected from the Middle schools.**
- **Classes such as Excel or AP (Advanced Placement) are increased rigor classes. (Please note, all schools may not offer Excel and/or AP classes for each content.)**
- **Elective choices and RCA classes are currently being added by the counselors. (Please note these classes are anticipated courses and will be scheduled based on staff and course availability.)**

For any questions you may have concerning your student's Academic/Core classes, please contact the 9th grade counselor, by email, at the school.

Heritage High School – Scott Clark, scottclark@rockdale.k12.ga.us
